FOWLERVILLE, April 29 .- The condition of Judge John C. Shields of Alpena is very critical. Mrs. Shields, who has been at his bedside during his dangerous illness of six weeks, culminating last Saturday in an appoinctio stroke, is still hepeful, but the doctors eay he has only one chance in a bundred for recovery. Judge Shields was born in Unadilla, Livingstone county, Dec. 9, 1848. He received his educa-tion in the public schools, gradu-ating from the University of Michigan in 1872. His career as a lawyer has been a brilliant one, and he has been honored with many offices of trust. In October, 1885, he was appointed by President Cleveland chief justice of Arizona Territory. At the time his term of office closed he went to Alpena, and since then has been engaged in the practice of his profession there.

Attack on Local Option. LANSING, April 29 .- Up to the present date local option elections have been held and decided affirmatively in Van Buren, Eaton, Hillsdale, Branch and Gratiot counties. In Van Buren, where the question first carried, the operation of the law has been a remarkable success. In a case which came up from that county two years ago the constitutionality of the act was emphatically sustained by the supreme court, and a rigid enforcement has been inaugurated, which is perhaps unequaled in the long history. perhaps unequaled in the long history prohibition in Michigan. In the four other counties, where preparareliance is placed chiefly on technical informalities and irregularities in the manner in which the election was held. Eaton county's test case, that of Henry lotte, will be tried next Tuesday. The constitutionality of the local option act will be attacked on the ground that it confers legislative powers on the elec-
